MESSAGE FROM THE PRESIDENT

By: Tom Kelly

As I begin my term as MnGFOA President, I want to thank our outgoing board and especially our past President Sharon Legg, for a great 2002. MnGFOA is much better for Sharon's leadership and we sincerely hope that we can make 2003 as productive.

It's hard to believe we are into a New Year already and we hope a time of exciting and useful meetings, seminars, and conferences for the MnGFOA. While we must always pay attention to the basics of why we exist as an organization, there are always new ways and approaches being considered on how we can better deliver for our members? Discussions to-date have revolved around how we can better deliver educational luncheons and programs, while building on the past successes, and strengthening our relationships with our members, other professional groups, universities and colleges.

2003 won't be with out challenges. The State is facing over a \$4 billion budget short fall, of which will most like have some effects on local budgets. In addition those of us who have not converted our financials to comply with GASB 34, will be doing so next year. Plus there are the usual challenges that always seem to spring up when we have the least amount of time to deal with them. It is the boards hope that MnGFOA will be there to help our members through these and other challenges. One of my goals for 2003 is to have more of members apply and receive GFOA's Distinguished Budget Presentation Award. It is hard for me to understand how over 100 entities receive the Certificate of Achievement for their CAFRs, which tells readers of the document what has happen financial, but that less than 25 entities receive the budget award, which tells our readers what we hope will happen financial to our entity.

Hopefully, the upcoming year can be as fruitful as this past for MnGFOA members. You can help, by volunteering to serve on one of the many MnGFOA committees. Most committees are just beginning to for and plan for the coming year. I know all of you have some ideas that MnGFOA members can benefit from. Joining a committee is a great way to get to know other MnGFOA members, share ideas, and even have some fun. We especially need volunteers to serve on the education and program committees, but all committees' chairs will accept your willingness to help out. I will try to continue building on past accomplishments, especially when it comes to education.

In the coming months, I welcome your thoughts, comments, criticism and suggestions. We have a great organization with great dedication. I hope to keep it going strong! Hope everyone had a happy new year, and the 2003 Board looks forward to working with you all in 2003.

- The Board discussed a draft policy for conference refunds and merits of a fund balance policy.

THANK YOU TO PAST PRESIDENT

As a past president, I have been involved with or followed the organization over many years. We have had a good many very capable Presidents over these years. Our outgoing president has performed over and above the expectations of her position. Her messages to the membership have been very insightful and to the point. I have been very impressed with Sharon's tour of duty and congratulate her for on an outstanding year as President of this great organization. Gary Norstrom

SECOND CALL FOR VIDEO

Just a reminder that if members have video available for their city, county, or schools, which they would be willing to share, be sure to let us know. MNGFOA is planning to develop a video to provide information to students and others about the advantages of entering the governmental finance profession and for informing schools and community groups about local government finance.

The general areas needed include public works projects, public safety activities, snow removal, human services, schools, and budget meetings with departmental staff, Council\Boards, and citizen interaction.

Any cities, counties, schools or other agencies, which think they might have appropriate video, should contact Ed Burrell at 651-641-1114, (keburrell@usfamily.net) for more details.
